

DMXPro::Processor::  
process\_message

```
graph LR; A[DMXPro::Processor::process_message] --> B[DMXPro::widget_parameters_non_user_defined::size]; A --> C[DMXPro::widget_parameters_non_user_defined::write];
```

The diagram illustrates a function call. A gray box on the left, labeled 'DMXPro::Processor::process\_message', has two blue arrows pointing to two white boxes on the right. The top white box is labeled 'DMXPro::widget\_parameters\_non\_user\_defined::size' and the bottom white box is labeled 'DMXPro::widget\_parameters\_non\_user\_defined::write'.
